Bay Mills Indian Community will submit a grant request to the U.S. Department of Housing and Urban Development (HUD) for the Community Development Block Grant Program for Indian Tribes (ICDBG).

Eligible uses for this funding include the development of viable Indian and Alaska Native communities, including creating decent housing, suitable living environments, and economic opportunities primarily for persons with low and moderate incomes. This grant can be a single purpose or an imminent threat.

Part of the grant requirements involves citizen participation. The project information must be published, and insight from our community members is encouraged.

The Tribe proposes expanding and renovating the existing building, the Bay Mills Child Development Center. The expansion and renovation of the current structure will provide the space needed so that extended daycare/childcare services can be provided to the community.

We will be requesting up to \$2,000,000 in grant funding. If you want to submit comments regarding this project, please send them to Eva Stapleton, estapleton@baymills.org, Christian Perron, cmperron@baymills.org by 4 pm on September 30, 2023.
